Tu Asistencia Hace Una Diferencia

Sólo este año, la comunidad indígena de Aldana, Nariño, fue testigo de 11 suicidios de jóvenes entre una población de 7.000 habitantes. En respuesta, la organización sin fines de lucro Punto Etnico llevó a cabo un debate comunitario crucial, involucrando a los jóvenes para comprender las causas fundamentales de las tendencias negativas en la salud mental. El consenso fue claro: los adolescentes sienten una falta de propósito y anhelan actividades interesantes para ocupar su tiempo.

Una solución propuesta es implementar programas que involucren deportes, música, danza y otras actividades extracurriculares, brindando a los jóvenes salidas positivas. Desafortunadamente, la falta de recursos monetarios plantea un desafío importante para hacer realidad estos programas.

Todas las ganancias de nuestra recaudación de fondos Fiesta Navidad (boletos, subasta silenciosa y rifas) se dedicarán a adquirir los materiales y recursos necesarios para implementar estos programas que cambian la vida de los jóvenes de Aldana.

Your Attendance Makes a Difference

This year alone, the indigenous community of Aldana, Nariño witnessed 11 youth suicides amongst the population of 7,000. In response, the non-profit organization Punto Etnico, conducted a crucial community discussion, engaging the youth to understand the root causes of the negative mental health trends. The consensus was clear: the adolescents feel a lack of purpose, yearning for engaging activities to occupy their time.

One proposed solution is to implement programs involving sports, music, dance, and other extra-curricular activities, providing the youth with positive outlets. Unfortunately, the lack of monetary resources pose a significant challenge in bringing these programs to fruition.

All of the proceeds from our Fiesta Navidad Fundraiser (tickets, silent auction, and raffles) will be dedicated to acquiring the materials and resources necessary to implement these life-changing programs for the youth of Aldana.
